Graduate Programs

# A GRADUATE EDUCATION FOR YOUR VISION OF SUCCESS

## NATIONAL ACCLAIM, INDIVIDUAL ATTENTION

St. Edward's is recognized as one of the best small universities in the country, with growing accolades for our teaching excellence, service-oriented learning and diverse, supportive environment. The university has made the prestigious "Best Colleges" list by *U.S. News & World Report* 10 years in a row and received national acclaim from *Forbes*, *The New York Times*, *The Princeton Review* and others.

As a graduate student, you'll benefit from small class sizes that encourage personal attention and robust discussions. You'll collaborate with faculty mentors and highly motivated peers. Active, experiential learning is intrinsic to every master's program at St. Edward's.

## REWARDS THAT INSPIRE AND FULFILL

At St. Edward's, courses are built on the ideals of our Holy Cross heritage. As a graduate student, you'll be encouraged to think critically and translate your knowledge into ethical action. Our promise is to support you in clarifying your values, purpose and personal vision of success. The expertise you gain at St. Edward's will prepare you to make important contributions in your professional and personal life.

## OUR ALUMNI HAVE ACHIEVED SUCCESS IN A WIDE RANGE OF CAREERS AND INDUSTRIES.

The impact of the graduate experience at St. Edward's University ripples throughout our community. Each program has its success stories. MBA students have consulted with two global giants, Adobe and Oracle, to shape the delivery of emerging technologies in Central Europe. Liberal arts students have published numerous books and articles, produced documentaries and have been involved in causes related to global human rights and social justice. College student development graduates are helping students to discover and achieve their goals in a variety of campus settings. DMBA graduates have launched their own entertainment company.

## LEARN MORE ABOUT SUCCESSFUL ALUMNI

Our alumni are following their passions and achieving success.  
Read their stories at [stedwards.edu/graduatealumni](http://stedwards.edu/graduatealumni)

95%

OF OUR GRADUATE STUDENTS  
SAY THAT ST. EDWARD'S  
PREPARED THEM WELL FOR  
THEIR CAREERS.

"I was deeply struck by how much the faculty and staff wanted people like me: full-time employees juggling work and life who also wanted to further their education and open more doors for themselves. I now believe that anything is possible. St. Edward's gave me a vision and the ability to act on that vision."

– Susanne Gross MBA '10  
*Innography, Marketing Design Manager*

# EVERY ADVANTAGE TO HELP YOU SUCCEED

A master's degree enriches your personal and professional growth. At St. Edward's, you'll earn a respected degree from a nationally acclaimed university and gain sound preparation for a variety of careers in a wide range of settings.

## **CHOOSE CLASSES TO FIT YOUR BUSY SCHEDULE.**

Our master's programs are designed for working professionals, with class options that include evening, weekend and online courses. Classes for graduate students are offered at our convenient campus locations in South and North Austin.

## **TAP THE EXPERTISE OF OUR ACCOMPLISHED FACULTY.**

Our carefully selected faculty members are academic-practitioners — leaders and consultants in their fields, with decades of experience. Under their direction, you'll engage in rigorous coursework and build marketable skills through experiential, research and applied learning programs.

## **PREPARE TO COMPETE IN THE GLOBAL MARKETPLACE.**

St. Edward's prepares students to navigate today's increasingly interconnected world with a variety of one-week study abroad opportunities, international service learning courses and diverse perspectives shared by faculty, students and staff. Students also benefit from university events featuring world-renowned speakers, including leaders in government and industry.

## **GET AHEAD WITH PROFESSIONAL SUPPORT.**

Stay connected with our alumni network in Greater Austin and elsewhere, and build professional contacts at university and career development events. Network with faculty mentors and fellow graduate students who bring substantial career experience and knowledge to St. Edward's.

## **ACCELERATE YOUR SUCCESS.**

Apply today at [stedwards.edu/graduateapply](http://stedwards.edu/graduateapply) or call the Office of Admission at **512-448-8500**.

# Master of Accounting (MACT)

## INCREASE YOUR VALUE. BECOME A CPA.

With increased auditing and reporting requirements in today's marketplace, accounting professionals are in high demand. Position yourself for a successful accounting career in any industry with the Master of Accounting program. You'll be prepared to take the CPA exam upon graduation — and find rewarding jobs and leadership positions in public accounting, corporate accounting, financial services, government accounting and nonprofit accounting.

Career choices are far-reaching and include launching your own accounting business or becoming an auditor, tax specialist, forensic accountant, or management accountant for a multinational corporation. This degree prepares students to develop the accounting, analytical and research skills needed to advance to top-level positions.

### MACT AT A GLANCE

- Learn to analyze accounting information, prepare complex financial reports and apply tax laws as you evaluate strategic opportunities. The Master of Accounting also deepens your understanding of ethical and social responsibility, and prepares you to articulate your ideas verbally and in writing.
- Finish your degree in less than two years, if you have an undergraduate degree in accounting.
- Prepare for success. Accounting graduates from St. Edward's have ranked among the top scorers on the CPA exam.

### CONVENIENT CLASS SCHEDULES

Each class meets one evening a week for three hours. Most students take two classes a term, allowing them to complete the degree in two years or less. Classes are available at the North and main campuses.

For course details, a sample degree plan and faculty profiles, visit [stedwards.edu/mact](http://stedwards.edu/mact)

# Master of Business Administration (MBA)

## FIND YOUR BUSINESS NICHE. FAST-FORWARD YOUR CAREER.

Become a highly effective business leader and reach your professional goals with the Master of Business Administration program. Our faculty have worked all over the world and are eager to share their knowledge, experience and understanding of what high-potential individuals need to know to succeed. Career options abound — including managing people and costs and/or operations within a range of fields like marketing, finance and technology. Or, you could create a business of your own.

---

### MBA AT A GLANCE

- Learn crucial business practices such as how to improve company performance, address financial challenges, and market products and services.
  - Choose one of four concentrations, tailored to your career interests: Accounting, Business Management, Finance and Global Entrepreneurship.
  - Build your professional network through your classmates and faculty. In your final course, Capstone, you'll team up with fellow MBA students on a strategic consulting project for a business, nonprofit or government agency. Past students have partnered with organizations like 3M Corp., Adobe and Oracle Corp.
  - Enrich your career with global projects. You'll have opportunities to join faculty-led international week-long consulting experiences that result in viable business plans.
- 

### CONVENIENT CLASS SCHEDULES

Classes typically meet one evening a week for three hours. Classes are available in a variety of formats, including classroom, online, or a combination of classroom and online learning. With three semesters a year and two classes per semester, the MBA is typically completed in two years. Classes are available at the North and main campuses.

For course details, a sample degree plan and faculty profiles, visit **stedwards.edu/mba**

# Master of Arts in Counseling (MAC)

## MAKE A DIFFERENCE AS A LICENSED COUNSELOR OR THERAPIST.

Get the education required to become a licensed professional counselor (LPC), a licensed marriage and family therapist (LMFT), or both with the Master of Arts in Counseling program. The MAC program has built a strong reputation within the mental health community for producing exceptional counselors who demonstrate extraordinary knowledge, professionalism and commitment. You may choose to focus on working with children, adolescents, adults, families, couples or other populations.

You'll gain a deeper understanding of human behavior and learn techniques to foster the growth of clients through extensive, hands-on practicum experiences and innovative, timely electives built around high-interest topics.

With this degree, you'll be able to sit for the required exams and complete your post-master's supervised work experience toward achieving your licensure. Our graduates have gone on to develop private practices and make a difference in such settings as hospitals, residential treatment centers, nonprofit agencies, government and for-profit organizations.

---

### MAC AT A GLANCE

- Faculty are a mix of counselors, therapists and psychologists, and most maintain private practices.
  - Choose to pursue coursework toward your LPC, an LMFT, or both. After sitting for the required state exams, you'll achieve the post-graduate requirements to become licensed through 3,000 hours of post-master's supervised work experience.
  - Develop your own counseling style as you explore and recognize the effects of your beliefs, values, experiences and behaviors on your practice. Learn to make ethical decisions in counseling situations and determine the best treatment options for clients.
  - Participate in guided field experiences in a wide variety of mental health organizations and nonprofits in Central Texas, such as Austin Recovery Center, Lifeworks, Safe Place and Seton Shoal Creek Hospital.
- 

### CONVENIENT CLASS SCHEDULES

Each class meets once a week for three hours. The program can be completed in its entirety with evening classes and additionally has some daytime classes available at our North Austin campus. With three semesters a year and two classes per semester, the MAC is typically completed in three years. Some students elect to pursue the program full time, taking three classes per semester and typically completing the program in two years.

For course details, a sample degree plan and faculty profiles, visit [stedwards.edu/mac](http://stedwards.edu/mac)

The Center for Counseling Training enables students to simulate real counseling scenarios and analyze their sessions.

# Master of Arts in Organization Development (MAOD)

## LEAD POSITIVE CHANGE, IN ANY WORKPLACE.

Change is the only constant in today's ultra-competitive business environment. The Master of Arts in Organization Development program prepares you to lead companies through transitions — as well as integrate and synthesize dynamic models of change.

Career paths with this degree include change management consultants, human resource and labor specialists, mediators, and training and development professionals.

---

### MAOD AT A GLANCE

- Learn to master strategies for positive change, such as process improvements and employee education strategies.
  - Examine human systems theory, including why there is often so much resistance to change.  
Learn effective approaches to conflict resolution and develop ethical management skills.  
Develop yourself as a powerful change agent.
  - Add depth to your credentials with a final project that involves a change initiative — such as improving system efficiencies or group performance in a company or organization — and action research/implementation.
- 

### CONVENIENT CLASS SCHEDULES

You will focus on one seven-week class at a time, meeting one night per week for 3.5 hours. Students take two seven-week classes each semester, with classes meeting on the same night for the duration of the program. This allows you to finish the MAOD in two years. All classes meet on the main campus.

For course details, a sample degree plan and faculty profiles, visit **[stedwards.edu/maod](http://stedwards.edu/maod)**

# Master of Science in Computer Information Systems (MSCIS)

## BECOME AN INDISPENSABLE IT LEADER IN 16 MONTHS.

Shaped by market demand, the accelerated Master of Science in Computer Information Systems prepares you to successfully manage rapidly changing technologies. You'll gain the expertise you need to lead IT organizations across many industries and implement solutions to increase productivity and streamline technical processes.

Career options cover a full spectrum of IT management roles, such as director of data security, computer network administrator or supervisor of IT staff in corporate and nonprofit settings, among others.

### MSCIS AT A GLANCE

- Learn to design a flexible and efficient infrastructure for any organization by integrating disparate technologies and computer platforms and networks.
- Develop both a solid technical background and innovative business acumen in this multidisciplinary program. You'll be prepared to solve IT problems and streamline processes that improve productivity, while meeting performance goals and timelines.
- Collaborate on technologies and issues such as data security, intellectual property and cyberlaw, business intelligence, and disaster recovery.
- Enhance your credentials with a final, culminating project. You'll bring IT solutions to a business, nonprofit or government agency — possibly in another part of the world.

### CONVENIENT CLASS SCHEDULES

Accelerated classes meet Friday evenings and Saturday mornings to accommodate working professionals. Students take three classes a term and typically complete the MSCIS in 16 months. Geared toward professionals with five to 10+ years of experience in the MIS field. All classes meet on the main campus.

For course details, a sample degree plan and faculty profiles, visit **[stedwards.edu/mscis](http://stedwards.edu/mscis)**

## Master of Business Administration in Digital Media Management (DMBA)

### INCREASE YOUR VALUE. JOIN A HIGH-DEMAND INDUSTRY.

The MBA in Digital Media Management program at St. Edward's has earned an international reputation for producing graduates who excel in organizations that understand the increasingly vital role of digital media management across a wide range of industries and its application to emerging and traditional businesses. You'll be prepared to apply solid management and business decisions to all areas of the digital media industry, including music, TV, film and interactive gaming. You'll cultivate a strong foundation in both MBA and digital media disciplines, and you'll develop the business, legal, analytical and research skills needed to advance to top-level positions in new media.

---

### DMBA AT A GLANCE

- In addition to core business courses in accounting, finance, management, marketing and law, you'll complete essential program-specific courses, such as Digital Law, Policy and Ethics; The Digital Consumer; Information Systems; Interactive Technology and E-Commerce; and Global Digital Media.
  - During the required eight-week summer internship, you'll work alongside digital media entrepreneurs at some of the top names in the business. Past internships include Sony BMG Music Entertainment, Facebook, Phunware, Inc. and Live Nation.
  - In your spring semesters, you'll enjoy a platinum pass to the international South By Southwest® (SXSW®) Music, Film and Interactive Media Festival held in Austin. This 10-day, hands-on learning experience gives you access to the latest digital media trends and industry contacts. In fact, several DMBA students have landed internships by networking at SXSW.
  - In your final course, you'll team up with fellow students to conduct extensive research, analyze financial statements and complete a comprehensive marketing analysis and business plan for a multimedia enterprise ... and make a formal presentation to students, faculty and executives. Past course projects have included CA Technologies, DMX, Roky Erickson, Sony BMG, Portalarium, Inc. and Mass Relevance.
- 

### FULL-TIME, DAYTIME PROGRAM

This unique full-time, daytime program is delivered in two seven-week sessions per semester, with three classes per session. Students also participate in a summer internship after their first year of studies. All classes meet on the main campus.

For course details, a sample degree plan and faculty profiles, visit [stedwards.edu/dmba](http://stedwards.edu/dmba)

# Master of Liberal Arts (MLA)

## CONNECT YOUR PASSIONS TO CAREER AMBITIONS.

Design your own course of graduate study — one that aligns with your life interests — with the Master of Liberal Arts degree. You'll create a unique program of discovery that connects your passion and educational pursuits to a professional career or further postgraduate study.

The MLA program aspires to develop creative and critical leaders — with a strong dedication to ethical and civic responsibilities, artistic sensibilities, spiritual interests and intellectual achievements. For this reason, St. Edward's is a full member of the Association of Graduate Liberal Studies Programs, which requires institutions to demonstrate high standards, commitment to quality, and focus on the needs of adult students.

The broad knowledge gained in the MLA program leads to work in a variety of fields, from social services and law to museum work or curriculum development. Some graduates advance their education in PhD programs.

---

### MLA AT A GLANCE

- Deepen your understanding of the human experience as you examine issues across a broad range of disciplines such as anthropology, English, psychology, history and global studies.
  - Supplement your studies with an optional internship. Graduate students have held internships at such organizations as Mexi-Arte Museum and Austin Area Interreligious Ministries.
  - Pursue one of our optional MLA concentrations — Humanities, Social Sciences, Social Justice or Global Issues — or choose a different course of study.
  - Explore a passion in your final MLA special project. You'll create and present an original body of work that enhances public understanding/dialogue related to your area of study. Past special projects have included international documentaries, original novels, musical performances and community service projects.
- 

### CONVENIENT CLASS SCHEDULES

Classes typically meet once a week for three hours in the evenings. The MLA also offers classes in a variety of formats, including online, daytime, and a combination of classroom and online. Taking two classes each semester, students typically complete the MLA in two years. Some students pursue the program full time, taking three classes per semester and completing the degree in less than two years. Classes meet on the main campus with electives occasionally offered at our North campus.

For course details, a sample degree plan and faculty profiles, visit [stedwards.edu/mla](http://stedwards.edu/mla)

*The New York Times* featured St. Edward's University in its "Colleges of Many Colors" list, as one of the country's most ethnically and economically diverse private universities.

## Master of Arts in College Student Development (MACSD)

### HELP COLLEGE STUDENTS ACHIEVE THEIR POTENTIAL.

Prepare to mentor college students and college-bound populations, helping them grow personally, professionally and academically with the Master of Arts in College Student Development program. You'll learn to guide students among the multiple facets of higher education — gaining career flexibility to work in a variety of settings, including student life, residence life, advising and more.

With this degree, you'll be prepared for a position at any of the thousands of institutions of higher education across the U.S. and abroad. Career paths include positions as an academic advisor, career services counselor, orientation supervisor or residence life director. This program is also a stepping stone for a doctoral degree, the terminal degree and requirement for many administrative, executive and faculty positions.

---

### MACSD AT A GLANCE

- Explore topics that cover the full spectrum of college student development — including administration, program planning and assessment, organizational behavior, human development, and legal and ethical issues in higher education.
  - Gain vital skills in advising, conflict resolution, leadership and mentoring.
  - Further develop and refine your skills through an internship or a research apprenticeship — at St. Edward's or other institutions.
- 

### CONVENIENT CLASS SCHEDULES

Classes meet on the main campus every other Saturday, with an online component during the off weeks, making classes convenient for those working full time and for those commuting from outside the Austin area. Taking two classes each semester, the MACSD is typically completed in two years.

For course details, a sample degree plan and faculty profiles, visit [stedwards.edu/macsd](http://stedwards.edu/macsd)

# **Master of Science in Organizational Leadership and Ethics (MSOLE)**

## **CHAMPION ETHICAL LEADERSHIP.**

Today's globally interdependent world needs leaders who can achieve solutions consistent with an organization's mission and core values. The Master of Science in Organizational Leadership and Ethics prepares you to become an effective organizational decision-maker and assume a variety of leadership roles in the for-profit, nonprofit and government sectors. While varied in structure and mission, most organizations seek leaders who can motivate individuals and groups to work toward a common goal.

---

## **MSOLE AT A GLANCE**

- Examine what it means to be an ethical leader and how to promote those traits in others.
  - Learn ways to effectively represent an organization and its stakeholders.
  - Integrate and synthesize dynamic models of leadership, ethics and social responsibility with your own practical experience, as well as case studies and other methods.
  - Conclude your studies with a final research project related to leadership and ethics. You'll identify, research and analyze an organizational issue or opportunity, then propose an action plan to initiate needed change. Past projects have included bolstering internal communication in a police department and helping a technology firm share its vision and values during an economic downturn.
- 

## **CONVENIENT CLASS SCHEDULES**

You will focus on one seven-week class at a time, meeting for 3.5 hours each week. Geared toward seasoned professionals, students take two seven-week classes each semester, which allows them to finish the MSOLE in two years. Classes meet on the main campus.

For course details, a sample degree plan and faculty profiles,  
visit **[stedwards.edu/msole](http://stedwards.edu/msole)**

Wild Basin Creative Research Center

St. Edward's University Greenhouse

Loire Valley, France

## Professional Science Master's in Environmental Management and Sustainability (MSEM)

### INCREASE YOUR VALUE AS A TECHNICALLY TRAINED LEADER.

The Professional Science Master's in Environmental Management and Sustainability program prepares you to confront the increased use of natural resources and human activities that endanger our planet: urban sprawl, industrial pollution, severe land and soil degradation, and hazardous management practices.

By earning an MSEM degree, you'll become both manager and scientist, using the principles of sustainable development to restore ecosystems and promote efficient land use. With your interdisciplinary skill set and international experience, you'll be in demand.

---

### MSEM AT A GLANCE

- You'll access premier international research facilities at Université Catholique de l'Ouest in Angers, France, which includes the Institut de Biologie et d'Écologie Appliquée (IBEA). With its strong expertise in the ecotoxicology and the aquatic ecosystems fields, IBEA is a leader, manager and adviser to many international programs.
  - You'll take a broad range of courses in ecology and sustainable development, while building your business acumen with project management courses.
  - A hallmark of the MSEM program is a collaborative, hands-on internship. During your last semester in France or abroad, you'll choose an issue related to sustainability and collaborate on a scientific project with a corporation, research institute or government agency.
- 

### FULL-TIME, DAYTIME PROGRAM

You'll study full time at St. Edward's University in Austin, Texas (Year One) and Université Catholique de l'Ouest in Angers, France (Year Two). All classes are in English.

For course details, a sample degree plan and faculty profiles, visit [stedwards.edu/msem](http://stedwards.edu/msem)

# ST. EDWARD'S IS A SMART INVESTMENT

A master's degree can raise your annual income by more than \$10,000, on average, over a bachelor's degree, according to the U.S. Census. Your lifetime earnings with a master's soar to \$2.5 million, or \$400,000 more than with a bachelor's (on average for a typical 40-year career).

But the value of a quality private education goes beyond earning power and advancement. In the tradition of our Holy Cross founders, students embark on a journey of self-discovery that deepens their understanding of social justice issues and commitment to the greater good.

## APPLICATION AND SELECTION PROCESS

Identifying the strongest candidates for admission to the graduate programs at St. Edward's involves a careful process of evaluation. The admission committee considers whether the applicant has demonstrated the ability to succeed in a rigorous graduate program through the review of his/her grade point average, previous academic coursework, résumé, essay and recommendation letters. Some of the graduate programs also require a GRE or GMAT test score. Check specific admission requirements for your program of interest at [stedwards.edu/admission/graduate](http://stedwards.edu/admission/graduate) or call the Office of Admission at **512-448-8500**.

When you're ready to apply, St. Edward's will guide you through the application process. We're here to answer your questions about graduate school and whether St. Edward's is right for you.

## TAKE YOUR CAREER TO THE NEXT LEVEL WITH ST. EDWARD'S.

Start your application today at  
[stedwards.edu/graduateapply](http://stedwards.edu/graduateapply)

# TUITION & FEES

## WITHIN YOUR REACH

St. Edward's is dedicated to helping you make this valuable investment in your future a reality. Our financial services advisors will help you explore low-interest federal student loans and other financial aid opportunities. First, complete the Free Application for Federal Student Aid, or FAFSA, at [fafsa.gov](http://fafsa.gov) and have the results sent to St. Edward's. (Our Federal School Code is 003621.) We'll work with you to determine a convenient, manageable payment plan for your education. If your employer has agreed to reimburse your educational expenses, you can take advantage of the St. Edward's University Employer Deferred Program.

A wide range of student support services, such as career management, advising and writing support, are included in the tuition cost.

Visit [stedwards.edu/graduatetuition](http://stedwards.edu/graduatetuition) or call Student Financial Services at **512-448-8523** or **800-555-0164**.
